

FC UNITED OF MANCHESTER

SPONSORSHIP AND PARTNERSHIP OPPORTUNITIES

FC United of Manchester is a supporter-owned, not-for-profit, semi-professional, community football club, with an exciting five-year vision.

In 2025, FC United will celebrate 20 years since it was formed in 2005 by Manchester United supporters. It will also celebrate 10 years since the club built its own ground in Moston, North Manchester.

The club 'set up in protest to Malcolm Glazer's takeover of Manchester United' is a statement often used to describe FC United. There is no doubt that the club wouldn't have happened without it, but it wasn't the sole reason.

Spiralling ticket prices, constant changing kick off times for the benefit of television, soulless all-seater stadia and heavy handed stewarding were other notable factors as to why some supporters had become disillusioned with modern football.

Following the Glazer takeover of Manchester United in May 2005, a group of supporters formed a steering committee and within one month they had defined and delivered 'Football Club United of Manchester.

On 14th June 2005, FC United was officially formed, a place in the North-West Counties league was confirmed, and a groundshare with Bury agreed. A manager was appointed, player trials held, and its members voted on the club's name, badge and manifesto.

"To create a sustainable club for the long term which is owned and democratically run by its members, which is accessible to all the communities of Manchester and one in which they can participate fully."

FC United's corporate structure is a Community Benefit Society and membership is open to all, with everyone an equal co-owner, holding one voting share in the club.

Seven core principles of how the club operates were set out:

1. The Board will be democratically elected by its members.
2. Decisions taken by the membership will be decided on a one member, one vote basis.
3. The club will develop strong links with the local community and strive to be accessible to all, discriminating against none.
4. The club will endeavour to make admission prices as affordable as possible, to as wide a constituency as possible.
5. The club will encourage young, local participation - playing and supporting - whenever possible.
6. The Board will strive wherever possible to avoid outright commercialism.
7. The club will remain a non-profit organisation.

Only a month old, FC United played its first game away at Leigh RMI on 16th July 2005 in front of a crowd of 2,552 fans.

FC United won three successive promotions between 2005-2008 to progress to the Northern Premier League Premier Division (NPL). The club remained in the NPL for the next seven seasons reaching the play-offs on four occasions.

In 2010, FC United beat Rochdale 3-2 in the FA Cup 1st Round, and took Brighton and Hove Albion to a home replay in the 2nd Round in front of a record home attendance of 6,731.

Around the time of the club's FA Cup adventure it was also focusing on building its own ground. After the first proposed stadium in Newton Heath fell through, the Broadhurst Park site in Moston, North Manchester, was confirmed in April 2011. Building commenced in November 2013 financed by donations, fundraising, a pioneering Community Shares Scheme and grant funding.

In 2012, FC United launched its own Women's Team, and announced the formation of the Club's Academy to ensure young footballers work towards academic qualifications alongside their training.

In October 2014, FC United became the first football club in the United Kingdom to be accredited as a living wage employer by the Living Wage Foundation.

FC United's Men's team won the League in 2014-15 season and were promoted to the National League North. The ground, named Broadhurst Park, as voted for by the club's members, officially opened on 29th May 2015 with a home friendly against Benfica.

In October 2017, after 12 years in charge, Karl Marginson, FC United first and only Men's Teams manager, left the club by mutual consent. He was replaced by centre forward Tom Greaves who took over on a temporary basis and was appointed permanent player-manager the next month.

Greaves left the club in August 2018, and was replaced by Neil Reynolds, who has remained at the club ever since. Unfortunately 'Reno' couldn't save FC United from being relegated to the Northern Premier League in 2019.

With 10 games to go in the 2019-20 season, FC United were second in the league with hopes of returning to the National League North, but the league season was cut short and deemed null and void due to the Covid-19 pandemic. The following season only lasted until October before being halted by lockdown restrictions once again. The final game of the season was a FA Cup first round home tie against Doncaster Rovers live on BBC with no fans present.

FC's Women's Team completed their fixtures in 2020-21 and were promoted to the National League D1N, the 4th tier of the women's pyramid structure. They were relegated in 2022 but returned as champions in 2023. However, they were relegated again in 2024.

In 2022, FC United won the inaugural Fenix Trophy; a ground-breaking international football tournament, involving non-professional European clubs chosen for their exceptional social, historical and cultural distinctiveness.

The following season FC United reached the Semi-Finals at the San Siro in Italy, and in 2024 won the Trophy for the second time beating Prague Raptors 4-0 in the final in Lake Garda.

Broadhurst Park, FC United's purpose-built home, demonstrates what can be achieved when football fans with a vision work together and make things happen. FC United's members were involved at every stage during the design and construction process and the result is a stadium and community facility that is the envy of many clubs in higher leagues.

As a community facility, Broadhurst Park is used every day by local people and hosts a range of activities. It's floodlit 3G pitch situated outside the stadium is in constant use. FC United's Men's, Women's and Academy Teams train on it, as do professional League Two club Barrow, who use the facility as their training centre. In the evenings over 15 local junior sides train on the 3G Pitch, and junior league matches take place on Saturday and Sunday mornings. Walking football, disability teams and charities also make good use of the facility.

A well-appointed function room and meeting spaces are also available for the local community, schools, businesses and other organisations to hire. Functions, parties, dance classes, comedy nights, conferences, meetings and networking events are also accommodated on a weekly basis.

On a matchday, underneath the large terraced area at the St. Mary's Road End, the space is used as a fans bar where live bands, poets, theatre groups and comedians perform in front of crowds of over 200 people. During the week, the space is transformed into classrooms, for the club's Academy and local community groups.

The club has now developed an exciting 5 year vision for growth and recently published its latest football strategy. There is now a clear pathway for youngsters playing at our affiliated junior football clubs, through to FC United's under 17s or Academy teams, under 21s, and onto the first team.

Since its formation, FC United has continued to be a force for good, taking pride in its commitment to support the people of Moston and North Manchester. The club provides and hosts a range of accessible and inclusive opportunities supporting education, employability, health and wellbeing, sport, fitness, and social inclusion.

HOW PARTNERING WITH FC UNITED CAN BENEFIT YOUR COMPANY.

Football sponsorship is a useful marketing tactic for companies looking to increase their brand exposure, target a large and passionate audience, and engage with its communities. It is also an extremely powerful tool for companies to enhance their brand visibility, reputation and business growth.

Associating your company with FC United will enhance your company's brand image and create a positive perception for your company.

Football fans in general have an emotional connection to their club, but at FC United this bond is a lot stronger. Being a fan-owned football club means that the supporters are co-owners and everyone has a vested interest in its success.

By working in partnership with FC United, your company can instantly become an integral part of the club. FC United supporters will naturally take a keen interest in your company which helps build trust and credibility.

INCREASING BRAND VISIBILITY

FC United is a well-known and recognised supporter-owned football club with a disproportionately large following for a club of its size, with almost one million social media followers.

Partnering with FC United will enable your company to showcase your brand to a wider audience. Whether it's through pitchside or digital advertising, FC United can help put you in front of thousands of people and provide you with great PR opportunities.

As the club builds up to its 20-year celebrations in 2025, FC United will undoubtedly attract local, national and even international media attention.

NETWORKING & BUSINESS OPPORTUNITIES

Partnering with FC United opens doors to valuable networking and business opportunities. Since FC United was formed in 2005, it has built some very strong relationships within the football industry and with football clubs at all levels, as well as building strong business partnerships. These networking opportunities can lead to collaborations, partnerships and new business ventures.

COMMUNITY ENGAGEMENT

Football sponsorship is more than just a marketing strategy, it's also a chance for your company to make a real difference in the local community. FC United can help you achieve your Corporate Social Responsibility objectives and demonstrate social impact.

Since 2005, FC United has run a thriving award-winning community programme that aims to help the communities of Moston and North Manchester.

By supporting FC United and its grassroots initiatives, your company has the power to nurture young talent and ignite a passion for the sport at its very core. This kind of involvement helps build a strong bond with the community and showcases your company as a responsible and caring organisation.

Sponsoring FC United goes well beyond the football teams; it includes initiatives that promote health, education and social cohesion. By investing in these programmes, your company can tackle important social issues head-on and truly improve lives.

When your company chooses to sponsor FC United, it is also investing in the future of its community, supporting the dreams of young people and making a genuine impact on society.
