Our Vision

Our vision is to supply, through wholesale and retail channels, high quality, handmade traditional pasties to customers throughout the North West, with the added real social benefit created by not only sourcing our fresh ingredients from the Prison Estate but also by employing people with convictions in the manufacture, sales and distribution, whilst offering peer mentoring support to enable them to build new careers and live a life free of crime.

Our Values

QUALITY

Our focus will always be around quality – our products, the working environment, training and development, the people we hire and the wage we pay.

EMPOWERING

We empower our people with opportunity, skills and confidence, so that they can learn from the past and move forward, with the confidence and skills to build a crime free life.

COMMITTED

We're committed to providing long term sustainable employment for people with criminal convictions and for young people at risk of involvement in criminal activity.
